Solutions

## Don't let integrations be your bottleneck

Help employers build stronger workforces with HR and payroll data connectivity.

[Employee Benefits](#) [B2B Fintech](#) [401\(k\) & Retirement](#) [Insurance](#) [HR Technology](#) [Tax & Compliance](#)

### B2B Fintech

Help finance teams with analysis and forecasting with visibility into each pay run.

### 401(k) & Retirement

Streamline recordkeeping, 3(16) compliance testing, and year-end audits for sponsors.

### Insurance

Power quoting and pay-as-you-go models with insights into HR and payroll data for employers.

Testimonials

## You'll be in good company

★★★★★

"I was blown away by how many connectors they offered. We were going to go with a different unified API for Payroll data but [Finch] offered so many more integrations."

Anonymous  
Finch User on G2

★★★★★

"By integrating with Finch, we're able to offer integrations with all the major HRIS integrations. This is a huge advantage over our competition who have tried to integrate directly with each HRIS."

Thomas M.  
Finch User on G2

Support

## Expert support at every step

✓ **Fast, reliable support**

Quickly resolve issues over email or slack—we consistently score >90% in customer satisfaction.

✓ **Guidance as you scale**

Whether you're just getting live or scaling your operations—we'll help you grow faster.

## Ready to get started?

Whether you're a developer exploring our sandbox or looking for a no-code solution, we're here to help. Get started today.
