/ PRODUCT

## EigenPal. So you don't have to do paperwork.

AI handles document processing with human-like performance. Production-ready results.

START AUTOMATING YOUR DOCUMENTS NOW

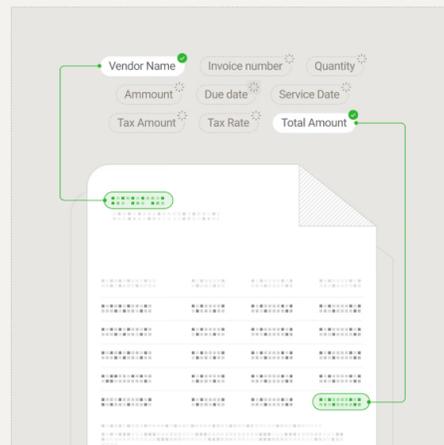

### AI OCR

Process any document: handwritten, scanned, or damaged. No templates required. 99% accuracy with LLM-powered vision.

### Guardrails

### Understand, Extract, Validate

### Evaluation

/ CAPABILITIES

## All-in-one platform for workflows you can rely on.

EigenPal's platform covers the entire lifecycle of your document workflows, out of the box.

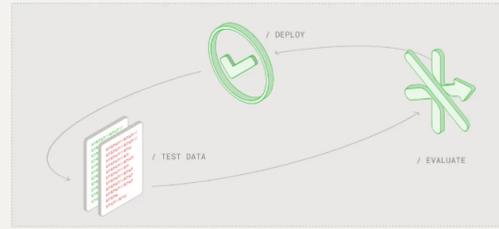

### Workflow creation

Intuitive UI to build document workflows. Guaranteed accuracy targets.

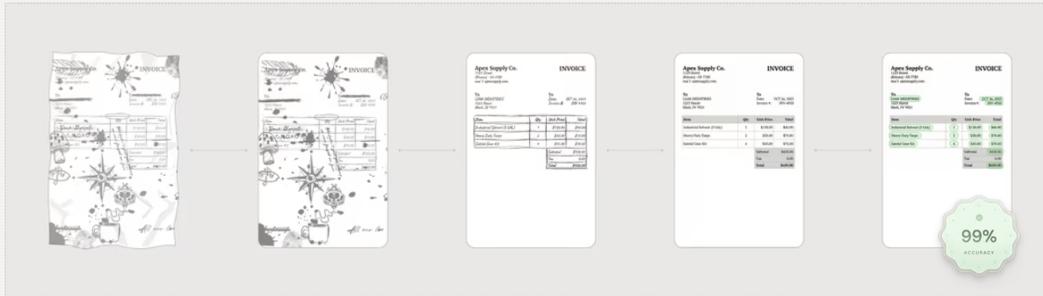

### Evaluations

Test on historical data before launch. Deploy only when accuracy is proven.

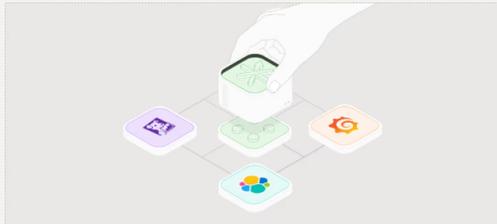

### Best in class OCR

Process handwritten, scanned, or damaged documents. 99% accurate even with poor quality.

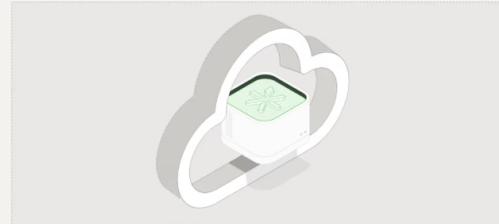

### Full observability

Monitor accuracy, costs, and compliance in real-time. Export to your existing tools (Grafana, Datadog, Elk...).

### On-prem ready and enterprise-grade

Deploy in your infrastructure. Proven with \$18+ revenue enterprises.

/ YOUR DATA IS SAFE

## Enterprise-grade security

Industry-standard protections to safeguard your company and your users.

/ USE CASES

## Unlock document automation across industries.

Enterprise-grade platform: Process documents, build workflows, monitor quality.

START FOR FREE

### Finance

Automate bank statement processing, loan verification, and KYC workflows. Extract salary data, validate customer information, and make approval decisions automatically.

### Insurance

Process claims documentation and policy extraction. Automate risk assessment workflows. Handle mixed document types with high accuracy and compliance.

### Manufacturing

Handle invoices, purchase orders, and shipping documentation at scale. Process documents from multiple suppliers with varying formats and quality levels.

### Healthcare

Process patient records and insurance claims automatically. Extract medical data from handwritten notes. Ensure HIPAA compliance throughout workflows.

/ LET'S TALK

# Stop drowning in paperwork.

Let Eigenpal's agents handle the work. See what's possible in minutes.
